

*"We will need an experienced and effective Independent voice at County Hall to tackle all the threats our area is facing over the next few years. That's why we need **David Suiter** That's why he is the best choice." *Clr Ian Dolby**

The challenge

Single Party Control has led to some bad decisions and the County Council is responsible for many of the services you take for granted.

Vulnerable people were suddenly charged huge increases for essential care, without proper alternatives. Now they plan to remove care altogether from over 1,000 of the most vulnerable in our communities.

Education? Schools and the money to run them are being "handed over" to a giant trust, CfBT, leaving the Council with responsibility if it goes wrong, but not the funds nor staff. School closures will be even harder to fight, having given up our democratic influence.

Doing away with almost all our youth services takes investment out of our young people and puts pressure on a reducing police force.

What a waste! County Council plans well over a thousand redundancies at a cost of over £20m. And more than £2m was taken in fraud last year. We could use this money better.

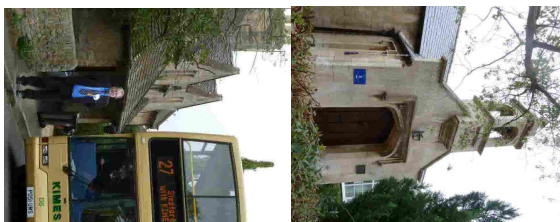

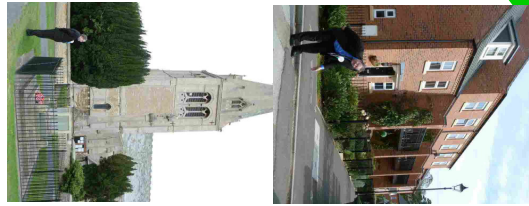

This election is about **local** issues. Why on earth would you vote for a national political party? It simply doesn't make sense at local level.

Across Lincolnshire, Independents are gaining ground. Please help keep local democracy local.

Vote Local, Independent, David Suiter

"Lincolnshire Independents provide a network of support and expertise. Only Lincolnshire Independents have signed to always put local people first. How refreshing is that?"

Sleaford
Lincolnshire

Dear Fellow Resident,

Why am I standing for Sleaford and Quarrington? I live here. I was born here.

I am pleased to be asked by many of you to stand for County as an Independent. I believe it is important to have a Councillor who is well known and trusted. I will always be willing to work with other councillors to improve Sleaford and our villages. I work only for the best interests of you, my residents at heart. I work hard to improve services and "value for money". I shall be Independent, free to listen to your concerns and support the communities properly.

As an Independent, I have fought for proper management of funds by the Town Council and won, alongside members of the public and other Independent councillors. I am fighting to look after our heritage in the recreation ground, enjoyed by many people, especially children. I support local business and want to keep the character of our rural villages.

Every vote will count, but together we can make a difference. Please turn out to vote for me. Thank you.

David Suiter

Polls open 7am to 10pm *See you there!*

Putting local people first

"David Suiter is the only one of the candidates with a true and proven record of tackling issues for his community.

He always listens to people, thinks carefully through the issues and works hard for you to get what is needed. David has my full support and is just what our County Council needs right now. "

Marianne Overton

Independent Leader, Lincolnshire County Council.

Hard-working and effective

Working for you as a Sleaford Town and District Councillor, I have successfully beavered away to help pull round the previously failing Lib-Dem-run Town Council. It was an appalling financial mess. The Independents swept the board at the last election and together, we are sorting out the chaos.

Who is listening to you?

The latest scandal to hit Sleaford is the plan, supported by the Conservative-controlled NKDC to cut down mature trees and drive a road through our recreation ground, ruining the children's play area. This for the benefit of one supermarket giant and the destruction of the character of Sleaford with its small, independent shops. Then follows closing the railway crossing, cutting the town in two and pushing heavy traffic through the residential parts of Sleaford. Sensible alternatives have been pushed aside and residents ignored again.

Are the Conservatives in the pockets of the developers?

We urgently need more Independents

Candidates of national parties have to toe the party line. Independents talk to their residents and put their interests at heart. We have already proved at the Town Council, what a difference voting Independent can make.

David Suiter is your local man working hard for you

- ✓ Do you also want Sleaford to be a smarter vibrant market town, with small independent businesses and keeping its character and heritage?
- ✓ Do you think we should make sure our more vulnerable people get the care they need? Independents fought to save Bonner House but the Conservatives are going to close it.
- ✓ Are these few basics really too much to ask? We need good local schools, good buses in towns and villages, Police on the streets and to keep our public toilet and library.
- ✓ By voting for me you will show that you want our town improved, not spoiled with roads through the recreation ground and the High Street cut off.

"Please vote for David Suiter, with a good track record of solid, local support. He is dedicated and effective."

Keith Dolby Sleaford Businessman
